

This document gives details of the many discounts available to Javea U3A members. Many of these have been negotiated with the supplier to get the best terms for U3A members. For major purchases, such as insurance, we would always advise that members obtain quotes from other sources to ensure that the best deal is obtained.

RATING SYSTEM

Whenever you use one of the suppliers listed below we would ask you to give us feedback on the service and value you received. We are asking you to do this by awarding a **star rating** and emailing your opinion to the Vice President – vice.president@u3ajavea.org. **All you need to do is send the name of the company/person giving the discount and the relevant star rating – no comments please.** Your star rating will then be added to the Rating Column on the Discount List. Discounts – Buyer Beware

Discounts are offered by Suppliers to the Javea U3A members. It should be noted that the offer of a discount is neither a promotion of an organisation nor a recommendation by the Committee and in all circumstances the phrase “Buyer Beware” should apply.

To obtain a discount in participating shops members must produce their membership card at the beginning of any transaction. Discounts unless otherwise stated are for full price items excluding sale items, promotional items, special offers, items paid with vouchers or any other discounted items.

The Committee cannot accept any responsibility for any problems that may occur with the purchase of any product or service. In the event of a problem the buyer should contact the supplier direct and it is recommended this is done in person and followed up in writing.

The Javea U3A shall not be held liable for any product or service defect/default/failure or any other problem howsoever caused. The Committee will not enter into any dispute with any of the suppliers on behalf of a member. In the event of a problem not reaching an acceptable solution, the Committee invites the member to submit the details in writing to them for their records. In the event of many problems with a supplier the Committee may take the decision to delete that supplier from the discount list. Each case will be considered on an individual basis.

As when buying any product/service **BUYER BEWARE.**
